

HCL 24 Port 10/100Mbps WinSmart Rack Mountable Switch

HCL 24 Port Fast Ethernet Rack mountable Win Smart Switch, HCL-24T-WSR comes with fixed 24 10/100 Mbps auto negotiating and auto MDI/MDI-X ports. It is designed to be an Edge Switch to provide lots of bandwidth with minimum hassle. It is 100% Plug-&-Play with easy to read diagnostic LED's and requires no configuration. Each port is equipped with a Built-In N-Way Auto-Negotiation function that senses for the fastest possible speed (10Mbps to 200Mbps), then automatically sets the port to operate at that speed. It is designed with advanced features such as Port Trunking, QoS (Quality of Service), VLAN, IGMP Snooping, Broadcast Storm Filtering, Loop Detection and full L2 protocol. These advanced features can be configured using Remote Management Utility, WinSmart which is a Windows-based utility to manage and configure switch remotely.

Key Features

- Compliant with IEEE802.3 10BASE-T Ethernet (twisted-pair copper) and IEEE802.3U 100BASE-TX Fast Ethernet (twisted-pair copper) Standard
- Supports Back-Pressure Flow-Control for Half-Duplex operation and IEEE802.3x Flow-Control for Full-Duplex operation.
- Supports 8K MAC address and 1.25MB buffer
- Supports Internal Power Supply - AC 100-220V 50/60Hz input
- Supports Store-and-Forward packet switching and Protocol – CSMA/CD
- Supports 802.1p/ToS/ DiffServ priority, Port & TAG Based VLAN, Port Trunking & Trunk Fault Detection.
- Access Policy - Using Switch management security access policy, switch ports can be selected which are allowed to access the switch to view and modify its configuration
- 19" Rack Mountable
