

# TOSHIBA

Experience the ultimate in wireless pocket computing:

## Pocket PC e750

With 3.5" screen and 128MB memory, you can enjoy wireless computing any time, any place.

©2002 Toshiba America Electronic Components, Inc.

## Abundant Storage at your fingertips

A total of 96 MB of user memory (64MB RAM and 32 MB (NAND) Flash ROM Disk) provides plenty of storage capacity for your files with 32MB FlashROM Disk to backup your critical files and applications should the battery run down.

## Wireless connections to the world

Integrated Wi-Fi (IEEE802.11b) wireless LAN allows secure access to the Internet (using 802.1x) and the company network from a "hotspot" location that provides Wi-Fi wireless Internet access.<sup>3</sup> What's more, the Pocket PC e750 is VoIP- ready (Voice over Internet Protocol) so that you can use it as a phone from any available Wi-Fi wireless-enabled area.<sup>4,5</sup>

## Bluetooth connection

This ultra-desirable little gadget is also available with an optional Bluetooth™ SD™ Card 2<sup>o</sup>. As well as getting online anywhere via your Bluetooth™ enabled mobile phones, it synchronizes calendar, contacts and e-mail with your Bluetooth™ enabled notebook.

**Toshiba Pocket PC e750 is a next generation Microsoft® Windows® Powered Pocket PC**
